

Welcome to your specialty pharmacy

Optum Rx offers specialty medication support through Optum[®] Specialty Pharmacy so that you can get specialty prescriptions and personalized support the way you want it.

What is a specialty medication?

A specialty medication may be injected, infused, taken by mouth or inhaled. It's different from other medication because it:

- May need ongoing clinical oversight and extra education
- May have unique storage or shipping needs
- May not be available at retail pharmacies
- May need infusion or home nursing

What services does the specialty pharmacy provide?

You'll get access to these helpful resources.

Easy prescriptions

- Get medications delivered on time, accurately, and affordably
- Order refills by phone or online*
- Receive support through virtual visits, calls, live chat or text

Expert guidance

- Connect with a clinician to help manage your medications
- Find out about financial help for your medication
- Learn more about your condition and treatment through videos

What are infusion services?

Infusion therapy means your medication is administered right into your veins. Optum Rx offers infusion services through Optum Infusion Pharmacy. Our infusion services include:

- Trained nurses who help make sure your medication is administered safely
- Home services to help avoid costly hospital stays
- A team to help schedule and order medication and supplies you may need
